Description

Villa dos Coches is a unique residential development, located on the emblematic Rua da Junqueira, one of the most historic areas of Lisbon. Surrounded by landmarks such as the Coach Museum and the Belém Palace, Villa dos Coches establishes a dialogue between the city's historical memory and modernity, creating a bridge between Lisbon's past and future. With an architecture that unites tradition and innovation, the project by the renowned atelier Luís Rebelo de Andrade reflects a perfect fusion between elements of traditional Portuguese architecture and contemporary solutions. The building seeks to preserve the essence of the city while introducing innovations, becoming a landmark of Lisbon's future. The development is strategically located between the Tagus River and Lisbon's seven hills, within walking distance of some of the city's main cultural and tourist attractions, such as the Centro Cultural de Belém (CCB), MAAT, the Jerónimos Monastery, the Belém Pastries, and the Belém Palace. The area is well served by public transport, guaranteeing easy access to the entire city. With a wide range of apartments, ranging from studio to 3-bedroom units, with areas between 45 m² and 155 m², some with parking spaces, Villa dos Coches offers solutions for diverse lifestyles, from singles to families, to investors seeking profitability. The finishes are of high quality, with a design that ensures durability and a strong architectural identity.
