Description

Santo Amaro Houses – Serenity and Sophistication in the Heart of Lisbon
In the vibrant neighbourhood of Alcântara, one of Lisbon's most promising areas, the exclusive Santo Amaro Houses project is born – a perfect blend of riverside living and contemporary architecture.
Comprised of just five T5 villas, this project redefines the concept of family luxury, offering generous areas between 353 m² and 410 m², bathed in natural light and with unique views over the majestic Tagus River.
Each villa was designed to provide maximum comfort and privacy. Gardens and terraces invite moments of relaxation, while the Tagus breeze completes the sensory experience. Some units feature a private lift, ensuring convenience across all four floors.
On the ground floor, a welcoming atrium provides access to the modern kitchen, guest bathroom and living room that opens onto the garden, creating perfect harmony between interior and exterior. The first floor offers an elegant suite, two bedrooms and a complete bathroom, while the second floor, set back, is dedicated to the master suite, an office with access to a terrace with stunning views over the Tagus River – ideal for starlit evenings. In the basement, there is parking for three vehicles, support areas and storage.
Santo Amaro Houses represent a new way of living in Lisbon: comfort, privacy and elegance in one place. With gardens, terraces and private parking, they combine the best of urban life with the tranquillity of an exclusive retreat.
