Description

Santo Amaro Houses – Serenity and Sophistication in the Heart of Lisbon
In the vibrant Alcântara neighbourhood, one of Lisbon's most promising areas, the exclusive Santo Amaro Houses development is born – a perfect meeting point between riverside living and contemporary architecture.
Composed of just five T5 villas, this project redefines the concept of family luxury, offering generous areas between 353 m² and 410 m², abundantly flooded with natural light and with unique views over the majestic Tagus River.
Each villa has been designed to provide maximum comfort and privacy. The gardens and terraces invite moments of relaxation, while the Tagus breeze completes the sensory experience. Some units also feature a private lift, ensuring convenience across all four floors.
On the ground floor, a welcoming atrium provides access to the modern kitchen, guest bathroom and living room that opens onto the garden, creating perfect harmony between interior and exterior. The first floor offers an elegant suite, two bedrooms and a full bathroom, while the second floor, set back, is dedicated to the master suite, an office with access to a terrace with a stunning view over the Tagus River – ideal for starry nights. In the basement, there is parking for three vehicles, support areas and storage.
The Santo Amaro Houses represent a new way of living Lisbon: comfort, privacy and elegance in one place. With gardens, terraces and private parking, they unite the best of urban life with the tranquility of an exclusive retreat.
