Description

Santo Amaro Houses – Serenity and Sophistication in the Heart of Lisbon

In the vibrant neighborhood of Alcântara, one of Lisbon's most promising areas, the exclusive Santo Amaro Houses development is born – a perfect blend of riverside living and contemporary architecture.

Composed of only five 5-bedroom villas, this project redefines the concept of family luxury, offering generous areas between 353 m² and 410 m², abundantly bathed in natural light and with unique views overlooking the majestic Tagus River.

Each villa was designed to provide maximum comfort and privacy. The gardens and terraces invite moments of relaxation, while the Tagus breeze completes the sensory experience. Some units also feature a private elevator, ensuring convenience across all four floors.

On the ground floor, a welcoming atrium provides access to the modern kitchen, guest bathroom, and living room that opens onto the garden, creating perfect harmony between interior and exterior. The first floor offers an elegant suite, two bedrooms, and a complete bathroom. The second floor, set back, is dedicated to the master suite and an office with access to a terrace boasting stunning river Tagus views – ideal for starlit nights. In the basement, you'll find parking for three vehicles, support areas, and storage.

The Santo Amaro Houses represent a new way of living in Lisbon: comfort, privacy, and elegance in one place. With gardens, terraces, and private parking, they unite the best of urban life with the tranquility of an exclusive refuge.
