Description

This 2-bedroom apartment is located in Portimão, offering 65.15 m² of well-distributed space. Although situated in a basement level from the main street, due to the street level difference, it benefits from natural light in all rooms and is positioned at first-floor level on the rear street.

The spacious and bright living room provides a welcoming environment for family gatherings or relaxation after a long day. The property features three well-defined rooms, making it an excellent option for both personal residence and investment.

The two bedrooms offer privacy and comfort, ideal for accommodating a couple, small family, or using one space as an office. The apartment has one bathroom. The aluminum windows ensure excellent natural light.

However, the main added value of this apartment is its spacious 65m² garage located directly below the apartment, occupying the entire footprint of the same building, thus constituting an enormous asset not only in terms of current use but also for future valued utilization of this space.

The apartment offers easy access to shops, schools, and essential city services. Take advantage of this opportunity to acquire your new home in southern Portugal.
