Description

In Cabanas de Tavira, just a few meters from the Ria Formosa, there is an opportunity that goes beyond the acquisition of a simple commercial space.

The sale comprises two autonomous fractions, the property, the currently operating restaurant business, existing equipment and furniture. The total gross private area of the two fractions is 104.21 m², plus 38 m² of private external area associated with fraction A.

The establishment has a license for restaurant and beverage use, a licensed outdoor seating area and three sanitary facilities, according to the owner's information. Operations can continue immediately, with the transfer of equipment and remaining elements subject to verification of the inventory agreed between the parties.

The location on a pedestrian street near the waterfront provides integration into the daily and tourist dynamics of Cabanas. The acquisition is especially suitable for restaurant entrepreneurs, operators seeking to expand their presence in the Algarve, or international buyers with experience in the sector.

The sale results from the owner's decision to retire. Additional commercial information may be provided to qualified interested parties, subject to applicable confidentiality procedures.

Acquisition value: €550,000.
