Description

Are you looking for an apartment with excellent natural light, in a location close to the centre and main services in Olhão?

This 2-bedroom apartment stands out for its east/west exposure, which provides natural light throughout the day. The bright living room and three balconies contribute to a pleasant atmosphere, whether for permanent residence or for those seeking a second home in the Algarve.

The apartment retains its original finishes and benefits from high-quality construction. It allows for updates according to the future owner's preferences, enhancing its characteristics and adapting it to your needs.

The location facilitates daily life, with local shops, cafés, restaurants and services just a few minutes' walk away. Nearby you will find the municipal markets, where you can buy fresh produce, and the waterfront area, with its walking spaces and dining options overlooking the Ria Formosa.

The boarding dock for the islands is also close by, allowing you to access the beaches of Armona, Culatra and Farol without depending on your car to reach the boat.

An option for those who value natural light, quality construction and the convenience of living close to Olhão's centre.
